Prof. Carole L. Marcus, M.B.B.Ch.
USA

Department of Sleep Center, Children’s Hospital of Philadelphia, Philadelphia, U.S.A.

Education:
University of the Witwatersrand, South Africa, 1982.

Postgraduate Training and Fellowship Appointments:
1983  Intern in Medicine/Surgery, Johannesburg Hospital, South Africa
1984  Intern in Pediatrics, Schneider Children's/Long Island Jewish Medical Center
1984-1986 Internship and Residency in Pediatrics, State University of New York
1986-1987 Chief Resident in Pediatrics, State University of New York
1987-1990 Fellowship, Pediatric Pulmonology, Childrens Hospital of Los Angeles
1990-1991 Research Fellowship, Children's Hospital of Los Angeles

Faculty Appointments:
1991  Instructor in Pediatrics, Johns Hopkins University
1991-1996  Assistant Professor of Pediatrics, Johns Hopkins University
1997-2003  Associate Professor of Pediatrics, Johns Hopkins University
2003  Professor of Pediatrics, Johns Hopkins University
2003-present  Professor of Pediatrics at the Children's Hospital of Philadelphia, University of Pennsylvania School of Medicine

Hospital and/or Administrative Appointments:
1991-2001  Medical Director, Pediatric Sleep Laboratory, Johns Hopkins University
1993-2001  Pediatric Pulmonary Fellowship Director, Johns Hopkins University
2000-2003  Director, Pediatric Sleep Center, Johns Hopkins University
2003-present  Director, Sleep Center, The Children's Hospital of Philadelphia

Other Appointments:
2003-2006  Director, General Clinical Research Center, The Children's Hospital of Philadelphia
2006-present  Co-Program Director, Clinical and Translational Science Award, University of Pennsylvania, University of Pennsylvania
2006-present  Pediatric Associate Director, Institute for Translational Medicine and Therapeutics
2014-present  Distinguished Endowed Chair in Pediatrics, Children's Hospital Of Philadelphia

Specialty Certification:
1988  American Board of Pediatrics
1992  Pediatric Pulmonology Boards
2007  Sleep Medicine
Prof. Sung Wan Kim, PhD.
Korea

Head Professor, Department of ORL-HNS, School of Medicine, Kyung Hee University, Seoul, Korea
Professor, Department of ORL-HNS, Kyung Hee University Hospital, Seoul, Korea
Director, Sleep Breathing Disorder Center, Kyung Hee University Hospital
Director, Department of Quality Improvement, Kyung Hee Medical Center

Education:

2001-2003 PhD. Graduate School (Medicine, Otorhinolaryngology)-Ph. D
Kyung Hee University, Korea

1996-1998 Master, Graduate School (Medicine, Otorhinolaryngology)
Kyung Hee University, Korea

1981-1987 Undergraduate School (Medicine) Kyung Hee University, Korea

1999-2000 Visiting Scientist, Children’s Hospital Research Center, University of
Texas Medical Branch, Galveston, TX, USA.

2005-present Visiting Professor, Sleep Surgery Center, Stanford University, Palo Alto, CA, USA.

Current Status:

2015 President, Korean Society of Pediatric Otorhinolaryngology
2014 Vice president, Korean Society of Sleep Medicine
2013 Chair of Sleep and Sleep Physiology Study Group, Korean Rhinologic Society
2014 Editorial board, Auris Nasus Larynx
2008 Reviewer for Laryngoscope, Archives of ORL, CEO, Auris Nasus Larynx, Journal of
Rhinology, etc.
2009 Member, International Surgical Sleep Society
2009 Sleep Technology Special Interest Group, Advisory board member
Dr. Meiho Nakayama, MD, PhD.
Japan

Department of Otolaryngology, Nagoya City University Hospital, Japan

Education:
1985 M.D. Aichi Medical University
1991 Ph.D. Aichi Medical University

Working Experience:
1995 Sep. - 2001 Mar. Assistant Professor of Otolaryngology, Aichi Medical University Hospital
2001 May - 2007 Oct. Associate Professor of Otolaryngology, Sleep Disorders Center, Aichi Medical University Hospital
2007 Nov. - present Director of Sleep Disorders Center, Toyohashi Mates Clinic
2008 Jan. - present Associate Professor of Otolaryngology, Nagoya City University Hospital
2011 Apr. - present Chief Director, Good Sleep Center, Nagoya City University Hospital
Prof. Rosalia Silvestri, MA.
Italy

Director, Sleep and Polygraphic Techniques Laboratory
Associate Professor, Department of Neurosciences, University of Messina, Italy
Director Sleep Medicine Center, Department of Neurosciences, University of Messina, Italy

Education and Training:

1996-2015 Associate Professor, Department of Neurological and Neurosurgical Sciences, University of Messina, Italy

1998-2004 Associate Professor, Department of Neurology, Harvard Medical School, Boston, MA. U.S.A.

1988 Board Certified with Honors and Distinction, Board of Pediatrics, University of Messina, Italy

1985 Research Associate, Department of Neurological and Neurosurgical Sciences, University of Messina, Italy

1984 Board Certified with Honors and Distinction, Board of Neurology, University of Messina, Italy

1984 Clinical Research Fellow in Neonatal EEG, Maternite' de Port Royal, Paris

1982 Visiting Research Training, Respiratory Physiopathology Laboratory, McGill University, Montreal, Canada

1981-1982 Postdoctoral Fellow at Stanford Medical School Sleep Disorders Center Stanford University Palo Alto, CA (USA)

1980 Degree with Honors and Distinction, Messina Medical School, Italy
Prof. Oliviero Bruni, MD.
Italy

Oliviero Bruni received his M.D. in 1982 from the “La Sapienza” University of Rome (Italy) where he also received the specialization in Child Neuropsychiatry in 1986. He is chief of the Pediatric Sleep Centre of the Sapienza University of Rome (Italy).

He is currently Associate Professor in Child Neurology and Psychiatry at the Dept. of Developmental and Social Psychology at Sapienza University in Rome.

Dr. Bruni has been involved in sleep research and clinical care in children for over 20 years, and has published more than 130 peer-reviewed papers, in addition to several book chapters and abstracts.

He is President of the International Pediatric Sleep Association, member of the Board of Directors of the Italian Association of Sleep Medicine and of the Italian Sleep Research Society, and Field Editor (Pediatrics) of the journal Sleep Medicine.

Dr. Bruni has been secretary of the European Pediatric Sleep Club of the European Sleep Research Society and has been also involved, as Pediatric Sleep Advisor of the World Health Organization, for the development of Night Noise Guidelines and ICF. In 2009 he has been elected as Chair of the Childhood Sleep Disorders and Development Section of the American Academy of Sleep Medicine.

His specific areas of interest are the different aspects of sleep disorders in children, the application of computer analysis in human sleep electroencephalogram and of the Cyclic Alternating Pattern, the analysis of sleep patterns in cognitive deficits ranging from mental retardation to specific learning disabilities like dyslexia, focusing on the relationships between sleep and cognition in learning impaired children.

Dr. Bruni has supervised several graduate – doctoral, postgraduate students for their theses and participated as teacher and invited lecturer in several national and international congresses.
Prof. Iris Haimov
Israel

Professor, Head, Department of Psychology and Head, The Center for Psychobiological, Emek Yezreel Academic College, Israel

Major published manuscripts:
Mrs. Kate Bartel
Australia

Education:

Tertiary
2013 Feb. - present  Doctorate of Philosophy (Clinical Psychology)
Flinders University
2009 Feb. – 2012 Nov.  Bachelor of Psychology (Honours)
Flinders University
- Grade point average: 6.31/7 for first 3 years of study
- Skills: Statistical knowledge, writing reports, time management, understanding of ethical concepts, verbal and written communication skills.
- Thesis title: The effects of evening screen light on adolescent sleep: The difference between early and late chronotypes
- First class honours

Secondary
Dec. 2007  Completed Year 12
Renmark High School
Prof. Daniel Goh, MBBS(S’pore), MMed(Paeds), FRCPCH(UK), FCCP(USA), FAMS.
Singapore

Chair of Paediatric Cluster, National University Health System, Singapore
Head of Paediatrics, Yong Loo Lin School of Medicine
Head of Paediatrics, National University of Singapore
Head and Senior Consultant, Department of Paediatrics, Khoo Teck Puat – National University Children’s Medical Institute
Head and Senior Consultant, Department of Paediatrics, National University Hospital, Singapore

A/Prof Daniel Goh completed undergraduate medical studies in the National University of Singapore and trained in pediatrics in Singapore. He underwent further subspecialty training in pediatric pulmonology and sleep at the Johns Hopkins Children’s Centre, USA.

A/Prof Goh was awarded the Young Investigator’s Award at the Singapore-Malaysian Congress of Medicine in 1994 for his research on ‘Allergen sensitization to local airspora and indoor allergens’.

He is a Fellow of the Royal College of Paediatrics and Child Health (UK) and a Fellow of the American College of Chest Physicians (USA) as well as a Fellow of the Academy of Medicine, Singapore.

A/Prof Goh is the Head of Paediatrics at the Khoo Teck Puat – National University Children’s Medical Institute, National University Hospital, Singapore and the National University of Singapore.

He is also Senior Consultant at the Paediatric Pulmonary and Sleep Services at the same institution.

A/Prof Goh was instrumental in initiating the very successful comprehensive asthma and allergy programme for children in Singapore known as the “I CAN !” programme (which stands for the Children’s Asthma and Allergy Network).

He is also the Past-President of the Singapore Paediatric Society Immediate Past-President of the Asean Paediatric Federation. He is also the Chairperson of the Asia Pacific Paediatric Sleep Alliance (APPSA).

A/Prof Goh sits on many Institutional, National and Regional committees and workgroups in Paediatrics, Vaccinology as well as Sleep. He is also a reviewer for many regional as well as international peer-reviewed journals. A/Prof Goh is also the Immediate-Past President of the Ronald McDonald House Charity (Singapore).

His clinical interests include childhood respiratory conditions including childhood asthma and allergies, sleep habits and practices in children across different cultures, sleep-related breathing disorders in children as well as paediatric bronchology and fiberoptic bronchoscopy.

A/Prof Goh is also a keen educator who is passionate about teaching and the training of the next generation of doctors and paediatricians.
Prof. Orna Tzischinsky (Chishinski), D.Sc.
Israel

1. Academic Degrees
   1993 D.Sc. Sleep Laboratory, Faculty of Medicine, Technion- Institute of Technology, Haifa, Israel, Prof. P. Lavie.
   1983 M.Sc. Sleep Laboratory, Faculty of Medicine, Technion- Institute of Technology, Haifa, Israel. Prof. P. Lavie

2. Academic Appointments
   2007 Associate Professor Behavioral Science Emek Yezreel Academic College
   2002-2006 Senior Lecturer Behavioral Science Emek Yezreel Academic College
   1995-2001 Lecturer Behavioral Science Emek Yezreel Academic College
   1998-2005 Senior Research Assistant Sleep Lab, Faculty of Medicine Technion, Haifa, Israel
   1985-1993 Research Assistant Center for Human Application and Engineering Technion, Haifa, Israel

3. List of Publications
   Thesis
   D.Sc. 1988-1993 Interaction between circadian rhythms, effects of bright light and exogenous melatonin. Faculty of Medicine, Technion-Israel Institute of Technology. Supervisor: Prof. P Lavie
   M.Sc. 1981-1983 REM sleep and dreaming characteristics as a function of hemispheric dominance. Faculty of Medicine, Technion-Israel Institute of Technology. Supervisor: Prof. Peretz Lavie.
**Prof. Tamar Shochat, D.Sc.**

Israel

Prof. Hiroko Tsuda, DDS, Ph.D.
Japan

International Certificant of American Board of Dental Sleep Medicine
Assistant professor, General Dentistry, Kyushu University, Japan

Dr. Tsuda received her Doctor of Dental Surgery degree from the University of Kyushu University, Japan, in 2003. She is an alumna of Kyushu Dental College, where she completed her Doctor of Philosophy in 2007. She worked as postdoctoral fellow and clinical assistant professor at the University of British Columbia, Canada from 2007 to 2010. Dr. Tsuda has been involved in oral appliance research and the treatment of patients with obstructive sleep apnea since 2003, and her research is focused on pathogenesis of sleep apnea, treatment outcome, oral appliance side effects, titration modalities, and imaging. She is also a research member of international multicenter database projects ‘ORANGE’ supported by AADSM.

Dr. Tsuda works as research assistant professor at Kyushu University. She is also an editorial board member of ‘Sleep and Breathing’ and an international certificant of American Board of Dental Sleep Medicine.

PAST CLINICAL APPOINTMENTS

2006-2011 Clinical fellow, Department of Neuropsychiatry, Toronto Western Hospital, University Health Network, Toronto, Ontario
2008-2011 Clinical fellow, Youthdale Treatment Centre, Toronto, Ontario
2009-2010 Clinical fellow, Youthdale's Rural Treatment program facility, Magnetewan, Ontario
2007-2008 Clinical fellow, International Sleep Clinic, West Parry Sound Health Centre, Parry Sound, Ontario
2006-2006 Clinical Observership, Sleep and Alertness Clinic Toronto Western Hospital, Department of Neuropsychiatry, Toronto, Ontario
2004-2005 Chief Resident, Department of Psychiatry, Aga Khan University Hospital, Karachi, Pakistan
2001-2004 Resident, Department of Psychiatry, Aga Khan University Hospital, Karachi, Pakistan
2001-2001 Resident Medical Officer Department of Psychiatry, Aga Khan University Hospital, Karachi, Pakistan
1998-2001 Instructor Biochemistry, Sir Syed Medical College, Karachi, Pakistan
1997-1998 Internship, Civil Hospital, Karachi, Pakistan
Prof. Man-Chim LI / Albert Martin
Hong Kong

Professor and Honorary Consultant, Department of Paediatrics, Prince of Wales Hospital, The Chinese University of Hong Kong.

Qualifications:
- BSc.(Hons) 1990 (University of Wales College of Cardiff)
- MBBch 1993 (University of Wales College of Medicine)
- MRCP (UK), MRCPCH (UK), FHKCPaed, FHKAM (Paed)
- MD (CUHK)

Dr. Li graduated from the University of Wales College of Medicine and received his paediatric training at King’s College Hospital and Great Ormond Street Hospital, United Kingdom. He joined the Chinese University of Hong Kong as a lecturer in August 2001. His training took him back to the UK where he worked as a clinical research fellow at the Royal Bromton Hospital, London in 2002, under the guidance of Prof. Andy Bush. His clinical and research interest is in respiratory and sleep medicine.

Albert is currently the person-in-charge of the Respiratory and Sleep Medicine Service in the Department of Paediatrics, Prince of Wales Hospital. Academically, he is currently associate editor of the Hong Kong Journal of Paediatrics and Frontiers in Paediatric Pulmonology, member of the editorial board for Respirology and vice-president of the Asia Pacific Paediatric Sleep Alliance. He has published over 160 peer-reviewed articles. For 3 consecutive years, he was awarded “Best Clinical Teacher” by the medical faculty of CUHK.
Prof. Zhifei Xu
China

Prof Zhifei Xu is currently consultant pediatrician and associate professor in the Respiratory Department of Beijing Children’s Hospital affiliated to Capital Medical University. She is the president of the Chinese Pediatric Sleep Medicine Subgroup under the Chinese Pediatric Society.

Prof Xu graduated from Capital Medical University in 1993 and got the Master degree in 2007 and the doctor degree in 2012. She was an honorary fellow in respiratory and sleep medicine in Children’s Hospital at Westmead, Australia from 2002 to 2003, and a Mrs Ivy fellow in Pediatrics in Queen Mary Hospital, University of Hong Kong from 2003 to 2004.

Prof Xu published 42 papers in journals including CHEST and SLEEP. Her current projects include “Non-invasive ventilation treatment for children with chronic respiratory failure” sponsored by Ministry of National Science and Technology, and “Individualized management for children with sleep disordered breathing” sponsored by Beijing Municipal Administration of Hospitals.
Prof. Ignacio Tapia, MD  
USA

Assistant Professor of Pediatrics at the Children’s Hospital of Philadelphia, University of Pennsylvania School of Medicine

Education:
- 1993 MD University of Concepcion, Chile

Postgraduate Training and Fellowship Appointments:
- 1997-2000 Pediatrics, University of Chile, Roberto del Rio Children's Hospital, Santiago, Chile
- 2000-2002 Pediatric Pulmonology, University of Chile. Exequiel Gonzalez Cortes Children's Hospital, Santiago, Chile
- 2004-2006 Pediatric Pulmonology, St. Christopher's Hospital for Children, Philadelphia, PA
- 2006-2007 Pediatric Pulmonology, The Children's Hospital of Philadelphia
- 2010-2014 Master in Translational Research, University of Pennsylvania, Perelman School of Medicine
Dr. Mahesh Babu Ramamurthy
Singapore

Current appointment: Senior Consultant and Head
Pediatric Pulmonary and Critical Care Division,
Pediatric Department, UCMI, National University Hospital, Singapore.

Assistant Professor, Paediatrics, National University of Singapore.

Posting Director, Phase III, Undergraduate medical education,
Paediatrics, National University of Singapore.

Special Core Faculty, Paediatric Residency Training program, NUHS,
Singapore

Previous appointment: Consultant Paediatric Pulmonologist, Manipal Hospital,

Academic Qualifications:
M.B.B.S – Gulbarga University, India, 1987
M.D. (pediatrics) – Mumbai University, 1993
M.R.C.P (U.K) – 1995
Fellowship in Pediatric Pulmonology, Children’s hospital
Medical Center, Cincinnati, USA.
Fellowship training in Pediatric Intensive Care, York Hill,
Glasgow, U.K
Dr. Paola Pirelli
Italy

Graduated in dentistry in 1984 at the University of Rome “La Sapienza”. Specialist in Orthodontics.

Assistant Professor and Researcher at the University of Rome “Tor Vergata”. She is a lecturer in Orthodontics at the Dental, Dental Hygiene and Specialty Schools of the University of Rome “Tor Vergata”. For the past 30 years she has been involved in Dentofacial Orthopaedics, dedicating to children in her research and clinical activities at the University Hospital and in her private practice in Rome. She is a member of the W.F.O., E.O.S., S.I.D.O. A.S.I.O., S.I.O.I., A.I.M.S.. She actively lectures in meetings and courses and she is author of many scientific publications. She introduced Rapid Maxillary Expansion treatment in the field of OSAS children, and she has been invited as a key note speaker on this subject to many international meetings.
Prof. Bart Vande Vannet
Belgium

Prof Dr Bart Vande Vannet has his own private orthodontic practice in Oostende, Belgium. He graduated at the University of Ghent in 1983 as a general dentist and is holder of the certificate of specialist in Orthodontics (VUB 1987) and received his PhD in 2006. Since 2007 he is appointed Professor at the Free University Brussels (VUB), Department of Orthodontics and teaches in the program of further education for orthodontist specialists. He lectures at the University of Ghent (master in dentistry and master after master program in orthodontics) and teaches in the program of further education for orthodontist specialists in Brussels (postgraduate in self ligating expertise and postgraduate in lingual orthodontic expertise (master of arts in lingual orthodontics). He is consultant at the Department of Maxillo Facial Surgery (Prof Dr M Mommaerts) and he supervises the Cleft patients. He was visiting Professor at the AIIMS (New Delhi, India). His focus of research work is cell cultures and toxicology, development of 3D models, anchorage with (mini-)screws and their further clinical development and lingual orthodontics. He has published more than 24 scientific papers. Prof Dr Vande Vannet gives lectures and hands-on courses about indirect bonding, mini-screws, working with self-ligating systems and lingual treatment worldwide. As well as doing reviews for some major orthodontic journals, he is the contributing editor (section Biology) of the American Journal of Orthodontics and Dentofacial Orthopedics. He is currently the president of the Dutch speaking chamber of the commission of orthodontist recognition at the department of Public Health, secretary of the BBNO, chairman of the BUOS and vice president of EFOSA.
Prof. Colin Sullivan
Australia

Chairperson, Research Committee, Department of Medicine at the University of Sydney; Consultant Physician with the Children's Hospital, Westmead and the Sydney Children's Hospital, Randwick

**PROFILE**

Colin is a Professor of Medicine, a leading international academic, clinician, inventor and pioneer in his field of sleep and breathing disorders. His invention of the Continuous Positive Airway Pressure (CPAP) system revolutionised the study, understanding and treatment of sleep apnea and led to the creation of the new clinical speciality of Sleep Medicine. His further experimental work in Non-Invasive Ventilation (NIV) revolutionised the clinical management of respiratory failure. He has successfully translated scientific research into highly effective clinical treatments and a thriving commercial enterprise, ResMed.

**MAJOR SCIENTIFIC ACHIEVEMENTS**

1980  Identification of major influence of sleep on breathing. The discovery of how sleep and breathing interact and the key role that arousal responses play in breathing disorders.

1981  Landmark experiments in which CPAP applied to the nasal airway controlled upper airway obstruction in sleep. *The Lancet* 1981;317

1984  Confirmation that the nasal CPAP could be used as a long term home treatment for sleep apnoea.

1987  Discovery of pivotal role that sleep plays in respiratory failure and inventive application of Non-Invasive Ventilation (NIV). Leading to a clinical revolution in the management of patients with respiratory failure.

1999  Invention of Sonomat system

2000  Discovery of mechanism of sleep induced worsening of blood pressure in pre-eclamptic pregnancy
Prof. Teruhisa Miike, M.D., Ph.D.
Japan

Education:
Graduated, Kumamoto National University School of Medicine, March, 1968

Employment, Research Career:
Instructor, the Dept. of Pediatrics, Kumamoto University Hospital
   from April, 1973 to June, 1976
Lecturer, the Dept. of Pediatrics, Kumamoto University Medical School
Postdoctoral Research Fellow: Neuropathology Lab. WVU Medical Center
   from July, 1977 to 1980
   (from 1978 to 1980 Postdoctoral Fellow of MDA)
Professor, the Dept of Child Development Kumamoto University Medical School
   from Dec, 1984 to 2003
Visiting Professor, the Dept. of Education, Tokyo University
   from April 2002 to 2003
Professor, the Dept of Child Development, Faculty of Medical and Pharmaceutical
   Sciences Kumamoto University Graduate School
   from 2003 to March 2008
Chairperson of the Board of Trustees the Japanese Society of Child Neurology
   from June, 2006 to June 2008
Professor Emeritus Kumamoto University, from April 2008
Chief of Hyogo Children’s Sleep and Development Medical Research Center
   From April, 2008
Special Advisor, Hyogo Children’s Sleep and Development Medical Research Center
   From April, 2013
Prof. Giuseppe Plazzi
Italy

Areas of particular interest and expertise:
- The pathophysiology of narcolepsy
- The genetics of sleep disorders.
- Nocturnal epilepsy
- Motor control during sleep.
- Disturbances of motor control during sleep (parasomnias, REM sleep behavior disorders, restless legs and periodic limb movements of sleep, etc.).
- Sleep in neurological disorders.

He contributed to the clinical, polysonographic, epidemiological and genetic definition of several sleep disorders and to the polysomnographic characterization of sleep in neurological diseases. In particular, he contributed to the polysomnographic and clinical description of Restless Legs Syndrome and Idiopathic Recurring Stupor and to the polysomnographic description of Fatal Familial Insomnia and Morvan Chorea, and to the first description of the 24–hour polysomnographic pattern of the Alcohol Withdrawal Syndrome. He first described the occurrence of REM sleep Behaviour Disorder in a large population of Multiple System Atrophy patients, indicating that this sleep disorder may be the tell-tale sign of the neurodegenerative disorder. He identified a new clinical entity named Epileptic Nocturnal Wanderings, and recently contributed to the identification of hitherto undescribed sleep disorders, namely Propriospinal Myoclonus, Oromandibular Myoclonus, and Nocturnal Groaning.

Since 1990 he has coordinated in Italy a multidisciplinary group devoted to the awareness, study and treatment of the multifaced aspects of narcolepsy.

Education:
1999 Certification, Sleep Disorders Expert - Italian Association of Sleep Medicine (AIMS)
1999 Neurophysiology Doctorate, University of Genoa
1989-1999 Neurology Residency: Department of Neurological Sciences (Professor Elio Lugaresi), Alma Mater Studiorum – Università of Bologna, Italy
1992 Speciality in Neurology: (Professor Elio Lugaresi), Alma Mater Studiorum – University of Bologna, Italy
Alma Mater Studiorum – University of Bologna, Italy
Dr. Silvia Miano, M.D., Ph.D.
Switzerland

Developmental Neuropsychiatrist
Specialist in Sleep Disorders

Education:
University of Rome “La Sapienza”, Italy 1/2010
PhD in Pediatric Science. Thesis: “Development of cyclic alternating pattern as a sign of stability-instability of sleep in infant with apparent life threatening event”
University of Rome “La Sapienza”, Italy 6/2002
Completed the specialization in Developmental Neuropsychiatry with honors (70/70 cum laude)
Thesis: “Sleep Disorders in the Angelman Syndrome”
University of Rome “La Sapienza”, Italy 7/1997
Completed BSc +MSc in Medicine and Surgery. Graduated with honors (110/110 cum laude).
Experimental
Thesis: “The Sleep in Children from 0 to 6 Years of Age”

Licensure:
University of Rome “La Sapienza”, Italy 5/1998
Licensed as a Medical Surgeon
Licensed as “Medical Expert in Sleep Disorders” 10/2000
by the AIMS (Italian Association of Sleep Medicine)
Licensed to practice psychotherapy with the title of “Specialist in psychotherapy” 1/2003
Enabling as Associate Professor in Developmental Neuropsychiatry. National Concourse, from the
Italian Ministry of University. 2/2014
Prof. Veronique Bach  
France  

PhD Biomedical Engineering  
Neurosciences.  
Field of research: interactions between vegetative functions and sleep in human neonates. Influence of prenatal and postnatal environmental factors (non-thermoneutral exposure, electromagnetic fields, and pesticides).  

Since 2008, Director of the PeriTox laboratory (55 researchers and PhD students). We analyze the impact of environmental exposures during the development on neonates and infants’ health, especially regarding functions involved in the energetic balance.  

Our working hypothesis is that children can become particularly vulnerable in the aftermath of certain changes in their environment during the intra-uterine and/or neonatal period. Due to the immaturity of the neonate’s organ systems in general and that of its enzyme systems in particular, exposure to toxins and/or physical disruptors during crucial phases of foetal or neonatal development can provoke severe but poorly characterized anatomical or functional handicaps. To this end, our research is focusing on chemical and physical environmental agents that may be considered as health risks in vulnerable populations. Several of these agents can be qualified as "emerging risks": Physical environmental agents (exposure to thermal stress and/or to electromagnetic fields); Toxical environmental agents (pesticides in particular).  

These studies are performed in human neonates or in animal juvenile models.
Prof. Rosemary Horne
Australia

Professor Rosemary Horne is a Senior Research Fellow and heads the Infant and Child Health research theme within the Ritchie Centre, Hudson Institute of Medical Research and Department of Paediatrics, Monash University. Her research interests focus on numerous aspects of sleep in infants and children. Rosemary has published more than 150 scientific research and review articles. She is Chair of the Physiology working group of the International Society for the Study and Prevention of Infant Deaths and the SIDS and Kids Australia National Scientific Advisory Group, a Director of the International Paediatric Sleep Association, and is on the editorial boards of the Journal of Sleep Research, Sleep and Sleep Medicine.
Prof. Patricia Franco
France

Education:
Free University of Belgium, ULB, Belgium
  Medecine, 1986
  Pediatrics, 1991
  Neuropediatrics, 1998
  PhD, 2000 (Dir. : Pr. A.Kahn)
Université Pierre et Marie Curie-Paris VI
  Pediatric Clinical Neurophysiology, 1993
  Sleep and its pathology, 2004
Université Claude Bernard Lyon 1
  HDR, 2006

Professional Experience:
Hospital
Free University of Brussels, Erasmus Hospital, Brussels, Belgium
Responsible for the Pediatric Sleep Unit
1991-1995  Fellowship in Neonatology
1995-1999  Fellowship in Neuropediatrics
1999-2005 « Chef de Clinique Adjoint » in Neuropediatrics
Since 2005  Responsible for the Pediatric Sleep Unit in Debrousse hospital and in Mother Children
  Hospital (HFME), Lyon, France.
  National Center for Narcolepsy since August 2006.

Academic Activity
Since 2005 : University Claude Bernard, Lyon 1, Associated Professor in Physiology,
Since 2014: University Claude Bernard, Lyon 1, Professor in Physiology-Pediatrics and also different
participations in postgraduate formations for the teaching of the physiology and pathophysiology of
sleep (Pierre et Marie Curie- Paris VI University, Lyon Sud University, Grenoble University, Saint
Etienne University...) and organization of National symposium on sleep in children (2015-2016) and
next IPSA conference in 2018.
Dr. Song Tar Toh
Singapore

Director, Sleep Disorders Unit
Chief, Sleep Apnea Surgery Service and Deputy Head (Research)
Department of Otolaryngology, Singapore General Hospital
Adjunct Assistant Professor and Senior Clinical Lecturer of the National University of Singapore, Yong Loo Lin School of Medicine
Adjunct Assistant Professor Duke-NUS Medical School
Clinical Physician Faculty of the Singhealth Residency Program for Otolaryngology, General Surgery and Family Medicine
President, Society of Otolaryngology, Head and Neck Surgery Singapore
Board member, Chapter of Otolaryngology, Academy of Medicine (Singapore)
Exco Member, Singapore Sleep Society

Dr. Toh graduated from the National University of Singapore and completed his specialty training in Otolaryngology in Singapore. He obtained the Ministry of Health’s Health Manpower Development Plan (HMDP) scholarship to sub-specialize in Sleep Medicine and Sleep Apnea Surgery in Stanford University, School of Medicine. He also obtained the Master of Medicine (Sleep Medicine) degree from University of Sydney. He is trained as a console-surgeon in performing transoral robotic surgery (TORS) using the da Vinci robot for obstructive sleep apnea. He and his team have done the most cases of TORS for sleep apnea and have the most experience in Transoral Robotic Surgery for Obstructive Sleep Apnea in Singapore and Southeast Asia to-date. He is an invited faculty to share his experience in this surgical technique in Asia.

Dr. Toh has published various scientific articles in notable peer reviewed journals. He is an invited reviewer for international scientific journals including Sleep Medicine, The Laryngoscope, Archives Otolaryngology-Head and Neck Surgery and International Journal of Pediatric Otorhinolaryngology. He is the Principal Investigator Singhealth Foundation Grant and Academic Surgery Program grant to explore innovative surgical techniques in the treatment of sleep apnea. He is often invited as an expert speaker at local, regional and international scientific meeting and conferences on obstructive sleep apnea and its’ surgical management. Dr. Toh is the co-Chairperson of the annual Singapore Sleep Symposium and Course Director of the Snoring and Sleep Apnea Surgery Course.
Prof. Chan-Soon Park, M.D. Ph.D.
Korea

Academic position:
October 2011 – to date
Associate Professor, Department of Otolaryngology-Head and Neck Surgery,
The Catholic University of Korea, College of Medicine, Seoul, Korea

March 2006 – September 2011
Assistant Professor, Department of Otolaryngology-Head and Neck Surgery,
The Catholic University of Korea, College of Medicine, Seoul, Korea

March 2005-February 2006
Clinical fellow, Department of Otolaryngology-Head and Neck Surgery,
The Catholic University of Korea, College of Medicine, Seoul, Korea

Visiting position:
January 2010 – February 2011
Visiting Assistant Professor, Sleep medicine division, Department of Psychiatry and
Behavioral Science, School of Medicine, Stanford University

Education:
The Catholic university of Korea, M.D. in Otolaryngology-HNS, 2007
The Catholic university of Korea, Ph.D. in Otolaryngology-HNS, 2011
Prof. Yael Latzer

**NOTE:** The Biographical Sketch may not exceed five pages. Follow the formats and instructions below.

Eating Disorders has been my major area of research and clinical work for the past 22 years. I am the director of the Eating Disorders (EDs) Clinic at Rambam Medical Center, Haifa, and a Professor at the faculty of social welfare and health sciences at Haifa university, Israel. I have the expertise, leadership, training, and motivation necessary to successfully carry out the proposed research project. I have a broad background in psychology, with significant training and expertise in psychotherapy, family therapy, and research on psychological as well as biological aspects of EDs.

My research includes sleep wake cycle among patients with EDs, psychological aspects associated with EDs, treatment intervention for EDs patients and biology and behavior related with EDs. As PI or co-Investigator on several university- and competitive funded grants, and as a consultant in NIH grant I laid the groundwork for the proposed research by assessing psychological parameters related to EDs psychopathology and other psychosocial factors relevant to the food weight shape and behavior. In addition, I successfully administered the projects (e.g. staffing, research protections, budget), collaborated with other researchers, nationally and internationally and produced several peer-reviewed publications from each project. As a result of these previous experiences, I am aware of the importance of frequent communication among project members and of constructing a realistic research plan, timeline, and budget.

Therefore I can make a significant contribution to the understanding of the relationship between eating-related psychopathology, psychological and social aspects in particular interpersonal relationship. Understanding these relationships is particularly significant when it comes to people with unhealthy weight who need bariatric surgery. The ability to predict which psychopathological variables related to the effectiveness of the treatment among individuals who need bariatric surgery is of high value.
Prof. Hemant Sawnani
Israel

Assistant Professor, Division of Pulmonology and Section of Sleep Medicine, Cincinnati Children’s Hospital Medical Center, Cincinnati, Ohio, USA.

APPOINTMENTS

January 2010 – to date  Assistant Professor, Division of Pulmonology and Section of Sleep Medicine, Cincinnati Children’s Hospital Medical Center, Cincinnati, Ohio, USA.

July 2014 – to date Co-Director, Transitional Care Center, Cincinnati Children’s Hospital Medical Center, Cincinnati, Ohio, USA.

July 2008 – January 2010 Staff Physician, Division of Pulmonology and Section of Sleep Medicine, Cincinnati Children’s Hospital Medical Center, Cincinnati, Ohio, USA.

July 2003 – June 2007 Director, Pediatric Pulmonology, Avera Children’s, Sioux Falls, South Dakota, USA. Consultant – Children’s Care Hospital & School; Sioux Valley Hospital (Sioux Falls, SD), Avera St. Luke’s Hospital (Aberdeen, SD), Avera Queen of Peace (Mitchell, SD), Avera Sacred Heart Hospital (Yankton, SD) and Prairie Lakes Hospital (Watertown, SD). Adjunct Faculty, Department of Pediatrics, University of Nebraska Medical Center, Omaha, Nebraska, USA.

ACADEMIA

July 2007 – June 2008 Clinical Fellow in Pediatric Sleep Medicine, Department of Pediatric Pulmonology, Cincinnati Children’s Hospital Medical Center, Cincinnati, Ohio, USA.

July 2000 – June 2003 Clinical Fellow in Pediatric Pulmonology, Department of Pediatric Pulmonology, Tulane University Medical Center, New Orleans, Louisiana, USA.

July 1997 - June 2000 Pediatric Residency, The Brooklyn Hospital Center, Weill Medical College of Cornell University, New York, USA.

July 1990 - June 1997 Undergraduate medical education and rotating internship, Seth GS Medical College & King Edward Memorial VIII Hospital, Bombay, India.

DEGREES & LICENSURE

American Board of Pediatrics – Sleep Medicine Nov 2009
MBBS (Medical Bachelor & Bachelor of Surgery) Nov 1994
Prof. Maria Pia Villa
Italy

Since November 2002, Professor of Paediatrics in the course of science degree in nursing at the Pediatric II Faculty of Medicine of the University of Rome 'La Sapienza

Education:
In November 1975 Advanced School of Integrated Education, specialty Pediatrics, University of Bologna where she received her diploma on 21/11/1978 with 70 votes to 70 and laudepraise.

In 1983, Advanced School of Integrated Education, specialty in pneumology, University of Bologna where he received his diploma in June 1988 with 70 votes to 70 and laudepraise.

She was appointed professor for the teaching of Pediatrics and has made this teaching for the academic years 1977/78, 1978/79, 1979/80, the school of nursing professional "Santa Maria della Vita", Bologna, Italy.

Participated as a speaker at several national and international conferences, as evidenced by her scientific documentation and has also participated in refresher courses in the field of pediatric b

During the period 1/11/77 to 1/11/91 was part of the Commission examination of Pediatric Clinic during the Degree in Medicine at the University of Bologna.

In 1983 she spent an internship at the 'Sick Children Hospital' in Toronto at Professor Levinson in the field of broncopneumology.

Since 1991 she was named researcher with legal effect from 1 November 1980 and November 1991 was' moved to University "La Sapienza", of Rome, at the Institute of Clinical Pediatric

In September 1992 she spent a brief period at the Universita 'di Goteborg in the Service of Neurology - Sleep Medicine,

In 1992 she established the Laboratory of Sleep of which is responsible and plays, in which clinical research as demonstrated by the scientific output.

In March 1996 she spent a short period of time repeated at the Neurological Clinic, Laboratory of sleep, the University of Bologna.

Ph.D 2001-2007 Tel Aviv University - Psychology
Name of advisor: Avi Sadeh
Title of thesis: The relationships between infant sleep and parental sleep-related cognitions

Employment History:

2013 Senior lecturer - Department of Psychology, Ben-Gurion University of the Negev
2010 - 2013 lecturer - Department of Psychology, Ben-Gurion University of the Negev
2008 - 2010 Visiting scholar, Department of Psychiatry and Behavioral Sciences Stanford University.
2007 - 2008 lecturer - Department of Psychology, Ben-Gurion University.

Professional Activities:

Positions in academic administration

2013-present Head of clinical track, Department of Psychology
2011- 2013 Department of psychology teaching committee – responsible for personal issues
– Ben-Gurion University of the Negev

Courses taught

Developmental disorders – B.A Advanced, Ben-Gurion University of the Negev
Sleep and sleep disorders in children – B.A Advanced, Ben-Gurion University of the Negev
Abnormal child psychology – B.A Ben-Gurion University of the Negev
Sleep and sleep disorders in children – Open university of Israel
Clinical Interview – M.A. Ben-Gurion University of the Negev
Child Psychopathology – M.A. Ben-Gurion University of the Negev
Practicum course – M.A. Ben-Gurion University of the Negev
Prof. Avi Sadeh  
Israel

Professor, School of Psychological Sciences, Tel Aviv University

Education:

1980-1983  Haifa University  B.A.  1983  
Psychology
1983-1987  Haifa University  M.A.  1987  
Psychology
Medicine
1990  Licensed as a clinical  
Psychologist in Israel

Title of Master Thesis:
"The Relationships Between Object Representation, Object Relations, and Experiences of Depression in Students"
Supervisor: Dr. Shimshon Rubin

Title of Doctoral Dissertation:
"Assessment and Intervention in Early Childhood Sleep Disturbances".
Supervisor: Professor Peretz Lavie
Dr. June Chi-Yan LO
Singapore

Cognitive Neuroscience Laboratory, Program in Neuroscience & Behavioral Disorders, Duke-NUS Graduate Medical School, Singapore

Education:
2011 Ph.D. (Psychology)
University of Surrey, United Kingdom
2005 M.Phil. (Psychology)
The Chinese University of Hong Kong, Hong Kong
2003 B.S.Sc. (Psychology) – First Class Honours
The Chinese University of Hong Kong, Hong Kong

Employment:
2012-present
Position: Senior Research Fellow
Institution: Cognitive Neuroscience Laboratory, Duke-NUS Graduate Medical School, Singapore
Title of projects:
1. The Singapore-Longitudinal Aging Brain Study (SLABS) - ongoing
2. The Singapore Chinese Health Study (SCHS) - ongoing
3. Negative impact of sleep curtailment on cognitive performance in adolescents – ongoing
4. Sleep patterns in Singapore and the UK - completed
Duties:
1. Research-related duties (designing and managing studies, collecting and analyzing data, writing manuscripts, as well as recruiting, supervising, and training research assistants)
2. Addressing media enquiries on study findings
3. Mentoring postgraduates, undergraduates, and interns

2011-2012
Position: Part-time Lecturer
Institution: Community College of City University, Hong Kong
Duties: Conducting tutorials
2011-2012
Position: Part-time Lecturer
Institution: HKU SPACE Po Leung Kuk Community College, Hong Kong
Duties: Conducting lectures

2008-2011
Position: Post-doctoral Research Fellow in Sleep, Circadian Rhythm, and Cognition
Institution: Faculty of Health and Medical Sciences, University of Surrey, United Kingdom
Title of project: Cognitive vulnerability following extended wakefulness in defined genotypes: effects of sleep duration on sustained attention, executive function and novel biomarkers
Duties:
1. Research-related duties (designing and managing study, collecting and analyzing data, writing manuscripts, as well as recruiting, supervising, and training research assistants)
2. Mentoring undergraduates and interns
Ms. Cele Richardson  
Australia

Qualifications  
2011  Bachelor of Psychology (Honours, First Class), Flinders University.  
Project: “The role of arousal and attentional bias in the development of sleep disturbance.”

Currently Completing  
2014- Doctor of Philosophy (Clinical Psychology), Flinders University.  
Project: “A Randomised Controlled Trial of bright light therapy and morning activity for adolescent Delayed Sleep Phase Disorder.”

Research

Peer-reviewed Journal Articles  
1. Richardson, C., Gradisar, M., & Pulford, A. (2015). The development of insomnia or the placticity of good sleep? A preliminary study of acute changes in sleep and insomnia states resulting from an analogue trauma. Behavioral Sleep Medicine, 13, 19-35. (Citations = 2)

Journal Reviewing  

Media  
TV  
1. Channel 7 News (SA) – “Sleepy teenagers seeing the light”, news story (2.4.15)

Clinical Experience  
2015  Child and Adolescent Sleep Clinic (Provisional Psychologist)  
2015  Adelaide Institute for Sleep Health (Provisional Psychologist)  
2015- Flinders University Services for Eating Disorders (Provisional Psychologist)  
2015- Statewide Eating Disorder Service (Provisional Psychologist)
Ms. Chelsea Reynolds
Australia

Academic Background

Flinders University:
- Doctor of Philosophy (Clinical Psychology) (2015-current)
- Psychology Honours (First Class) (2013)
- Bachelor of Psychology (2010-2012)
- Areas of interest: Psychobiology of Sleep and Cognition, Developmental Psychology, Neuropsychology, Psycholinguistics

Employment History

- Australian Institute of Sleep Health (February 2013 – current)
  - Sleep Technologist
  - Team work, problem solving, patient care, CPAP/BIPAP titrations
- University of South Australia (November 2015)
  - Honours Thesis marking
- Faculty of Social and Behavioural Sciences, Flinders University (March-December 2014)
  - Research assistant; Team work, investigation skills, succinct writing skills

Skills and Expertise

- High level of experience in searching psychological databases and conducting literature reviews throughout Bachelor of Psychology, own Honours project and employment as research assistant
- Administration of study protocol in psychological sleep experiments
- Administration and observation of psychological assessment tools
- Polysomnography setup, CPAP education and titration
- Computer skills: Word processing, Excel formatting, Powerpoint, IBM SPSS statistics software
Dr. Jee Hyun Kim, M.D., Ph.D.
Korea

Department of Neurology, Dankook University College of Medicine, Dankook University Hospital

Education:
- 1992 - 1998 Ewha Womans University School of Medicine
- 2000 - 2003 Ewha Womans University Graduate School, B.S
  Thesis: Relationship between Campylobacter infection and ischemic stroke
- 2003 - 2006 Ewha Womans University Graduate School, Ph.D.
  Thesis: Cortical excitability in patients with poststroke epilepsy

Postgraduate Training:
- 1998 - 1999 Ewha Womans University Hospital, Internship
- 1999 - 2003 Department of Neurology, Residency
  Ewha Womans University Hospital, Seoul, Korea
- 2003 - 2005 Fellowship in Neurology, (Epilepsy and sleep disorder section)
  Samsung Medical Center, Seoul, Korea
  Director- Seung Bong Hong
- 2006 - 2007 Postdoctoral fellowship in Stanford sleep clinic, Stanford University, CA, USA (Principal investigator Christian Guilleminault)
- 2009.3 Cognitive behavioral therapy minifellowship in UPENN, PA, USA
  Supervisor- Philip Gehrman, Michael Perlis

Professional experiences:
- 2005 - 2006 Clinical instructor, Department of Neurology, Ewha Womans University Hospital, Seoul, Korea
- 2007 - 2008 Clinical instructor, Department of Neurology, Ewha Womans University Hospital, Seoul, Korea
- 2008 - 2009 Clinical professor, Department of Neurology
  Dankook University Hospital, Cheonan, Korea
- 2008 - 2012 Secretary General, Korean Sleep research Society
- 2008 Scientific committee, Korean Neurological Association
- 2012 - 2013 International Scientific Committee, Organization for 2012 Asian Sleep research Society
- 2010 - 2014 Board member of Korean sleep research society
- 2013 - 2015 Local organizing committee member of 2015 WASM
- 2015 Board member of Korean sleep society
Dr. Tae Won Kim
Korea

Clinical Assistant Professor, Psychiatry of St. Vincent’s Hospital, Suwon, Korea

EDUCATION/TRAINING:
College of medicine, Catholic university of Korea 2001.3.1~2007.2.18
Internship : Catholic medical center 2007.3.1~2008.3.31
Resident, Department of psychiatry, College of medicine, Catholic university of Korea

- Jul.2003-present: Physician (part-time) at Japan Somnology Center
- Apr.2014-present: Physician (part-time) at Seiwa Hospital, Neuropsychiatric Research Institute
Prof. Yun Kwok Wing, MB.ChB. (Hons), MRCP (U.K.), FRCPsych (UK), FHKAM(Psych).
Hong Kong

Professor Wing graduated from The Chinese University of Hong Kong, Hong Kong SAR, China. He is currently a Professor at the Department of Psychiatry, Associate Dean (Student affairs) of the Faculty of Medicine of the Chinese University of Hong Kong. He is also the Director of the Sleep Assessment Unit of Shatin Hospital. He has been the Honorary Chief of Service in the Department of Psychiatry in both Shatin Hospital and Prince of Wales Hospital since 2003.

Professor Wing has diverse research interests including sleep medicine, psychiatric epidemiology and transcultural psychopharmacology. His major sleep research focus is on the epidemiology of sleep disorders in both general and clinical population. He was awarded the distinguished national award for Sleep Medicine Scientific Technological Advance in China by the Chinese Medical Doctor Association, China at 2010.

Professor Wing has regular publications in international journals including over 200 publications in refereed journals (ISI) and 6 book chapters. He also has an active involvement and contribution to the local and international scientific communities, including his leadership service role in Hong Kong Society of Sleep medicine (Past President, HKSSM, 2006-10), Collegium Internationale Neuropharmacologicum (Local organizing Committee of biennial CINP symposium, 2010) and World Association of Sleep Medicine (Scientific Committee, WASM, 2011, 2013 and 2015). He has been invited to deliver keynote lectures at a number of international and national symposiums including WASM- Korea 2015 and Asean Sleep congress 2015.
Prof. Michael Lazarus
Germany

Associate Professor and Principal Investigator, International Institute for Integrative Sleep Medicine (WPI-IIIS), Tsukuba University, Japan

Speciality:
Enzymology, Molecular and Behavioral Biology, Systems Neurobiology, Sleep Science

Education:
- 1998 Dr. rer. nat. (Bioorganic Chemistry), Summa cum laude, University of Würzburg, Germany
- 1994 Final Academic Exam (Food Chemistry), University of Würzburg, Germany

Positions:
- 2013-present Associate Professor and Principal Investigator, International Institute for Integrative Sleep Medicine (WPI-IIIS), Tsukuba University, Japan
- 2007-2013 Senior Scientist, Osaka Bioscience Institute, Osaka, Japan
- 2005-2008 Instructor in Neurology, Beth Israel Deaconess Medical Center and Harvard Medical School, USA
Prof. Carole L. Marcus
USA

Distinguished Endowed Chair in Pediatrics
Professor of Pediatrics, University of Pennsylvania
Director, Sleep Center, Children's Hospital of Philadelphia

Education:
1982 MBBCh University of the Witwatersrand, South Africa

Postgraduate Training and Fellowship Appointments:
1983 Intern in Medicine/Surgery, Johannesburg Hospital, South Africa
1984 Intern in Pediatrics, Schneider Children's/Long Island Jewish Medical Center
1984-1986 Internship and Residency in Pediatrics, State University of New York
1986-1987 Chief Resident in Pediatrics, State University of New York
1987-1990 Fellowship, Pediatric Pulmonology, Children's Hospital of Los Angeles
1990-1991 Research Fellowship, Children's Hospital of Los Angeles
Prof. Judith Owens
USA

Director of Sleep Medicine, Boston Children's Hospital

Education:
- Sep.1977-May1980: Medical School: Brown Medical School, Providence, RI

Graduate:

Post-Graduate Education:

Fellowships:

Employment:
- Aug.1987-Apr.1989: Assistant Chief of Pediatrics, Brockton Hospital, Brockton MA
- Jul.1990 - Jun.1993: Staff Member, Pediatrics, Morton Hospital
- Jul.1991 - Jul.1992: Consulting Staff Member, Pediatric, Pawtucket Memorial Hospital, Pawtucket RI
- 1992-2000: Assistant Professor of Pediatrics (Brown Medical School)
